FACULTY

Dedication

For more than thirty-five years Arlene Woods Clinkscale has dedicated her life to the education of young people. Therefore, it is fitting that we dedicate the 1987 *Tower* to her.

Mrs. Clinkscale has been an active and prominent figure in Rockland County for more than twenty years. For the past nine years, she has been a very positive member of the Nyack School Family. She has served for three years as Principal of the Valley Cottage Elementary School and is presently completing her sixth year as Superintendent of Schools.

Her many accomplishments in education have earned her regional, state, and national recognition. This is exemplified by her appointments to local, state and national committees and commissions which include President of the Rockland County Negro Scholarship Fund, the Board of Directors of St. Thomas Aquinas College in Orangeburg, N.Y. Chairperson of the Committee to select the 1986-87 New York State Teacher of the Year, as well as other important appointments. Her participation in these and other organizations has brought honor and distinction to the Nyack School community and pride to all of us.

Her leadership is grounded in her high moral standards and deep devotion to honesty, fairness, and openness, which derives from her lifelong alle-

giance to religious principles. Over the past nine years, we in the Nyack School Family have benefitted from Mrs. Clinkscale's leadership. She has led in the revitalization of the Nyack School District's education programs. She was instrumental in earning a ten year endorsement of the Nyack High School by the Middle States Association. In addition, she is an enthusiastic supporter of our art, music, and drama presentations, our ath-

letic contests, and a multitude of club activities. Her annual participation in the Senior Citizens' Thanksgiving Dinner particularly reveals her generosity and commitment.

It is with deep appreciation and respect that we dedicate this yearbook to Mrs. Clinkscale, an extraordinary person, an outstanding educator, and a true friend to the students of Nyack High School.

NYACK PUBLIC SCHOOLS

Arlene W. Clinkscale, Superintendent
 Roberta R. Zampolin, Assistant Superintendent for Business

TO THE CLASS OF 1987:

I believe the children are the future
 Teach them well and let them lead the way.
 Show them all the beauty they possess inside
 Give them a sense of pride - to make it easier.
 (Song: THE GREATEST LOVE OF ALL)
 Words: Linda Creed

These lyrics capture what education is all about in Nyack. We hope we have taught you well and we look to you to provide leadership and direction in the future. Believe in yourself as we believe in you and with this assurance you can face the challenges of the future with courage and resilience.

Each one of you has a quality or talent that makes you special. Believe in yourself and goals will become clear and setbacks temporary. With your values steadfast and your self-respect intact, you will be the best you can be on any path you choose to follow.

The Nyack schools and community have tried hard to provide you with the best learning and recreational opportunities. It is now up to you. Whatever decisions you make, remember that "learning to love yourself is the greatest love of all," your greatest challenge and your greatest reward.

Congratulations and best wishes, always.

Sincerely,

Arlene W. Clinkscale

The Tower

With the help of advisors K. Maggio and J. Santiago, the TOWER '87 staff worked hard at the varied facets which go into making a yearbook. Thanks to those who sold ads and those who bought ads, to those who typed and those who took pictures . . . after picture . . . after picture . . . We hope we have created a record that, years from now, will recall who we were and what it was like here at NHS, 1987.

Students From Other Lands

Nyack High School has been enriched this year by the presence of four students from other countries. Bringing their own customs and personalities, they have taught us much while at the same time allowing us to share with them the special experience of being a NHS student. We will long remember these special friends.

Fernanda Partida

Fernanda is from Guadalajara, Mexico. Her favorite pastimes include learning English, skiing, writing, softball and track. She has become involved with the Nyack tennis and basketball teams. Fernanda really likes the people at NHS and wishes to thank everyone who has made her visit so enjoyable.

Salvador Lopez

From Chihuahua, Mexico, Salvador has learned English since he came here. He has become involved with the NHS soccer and wrestling teams and says he has really enjoyed playing sports here. Salvador thinks it's been a great experience to come to the U.S.A.

Silva Drobic

Silvia is from Warendorf, West Germany. European Team handball, reading, traveling, and talking with friends have occupied her time here in the U.S.A. She has become involved in the NHS tennis and basketball teams. Silva really likes Nyack and has found the people warm and friendly. She says she loves the American way of life!

Marie-Elise Toudic

Marie-Elise comes to us from Angers, France. Her favorite activities include listening to American pop music, reading, writing, traveling and learning English. She has become involved with the Nyack tennis team and the French Club. Marie especially likes our American traditions. She says she will remember the friendly people of Nyack who have been so helpful and accepting.

Hey Rach.
I wish you best of luck in what-
ever you do over summer vacation.
I wonder why the fuck I'm writing in
your book anyway because I just realized
that you are not learning (graduating) this year
you are only a ~~soph~~ sophomore.
(SAEE?), please sign next
time ok? (Rai)

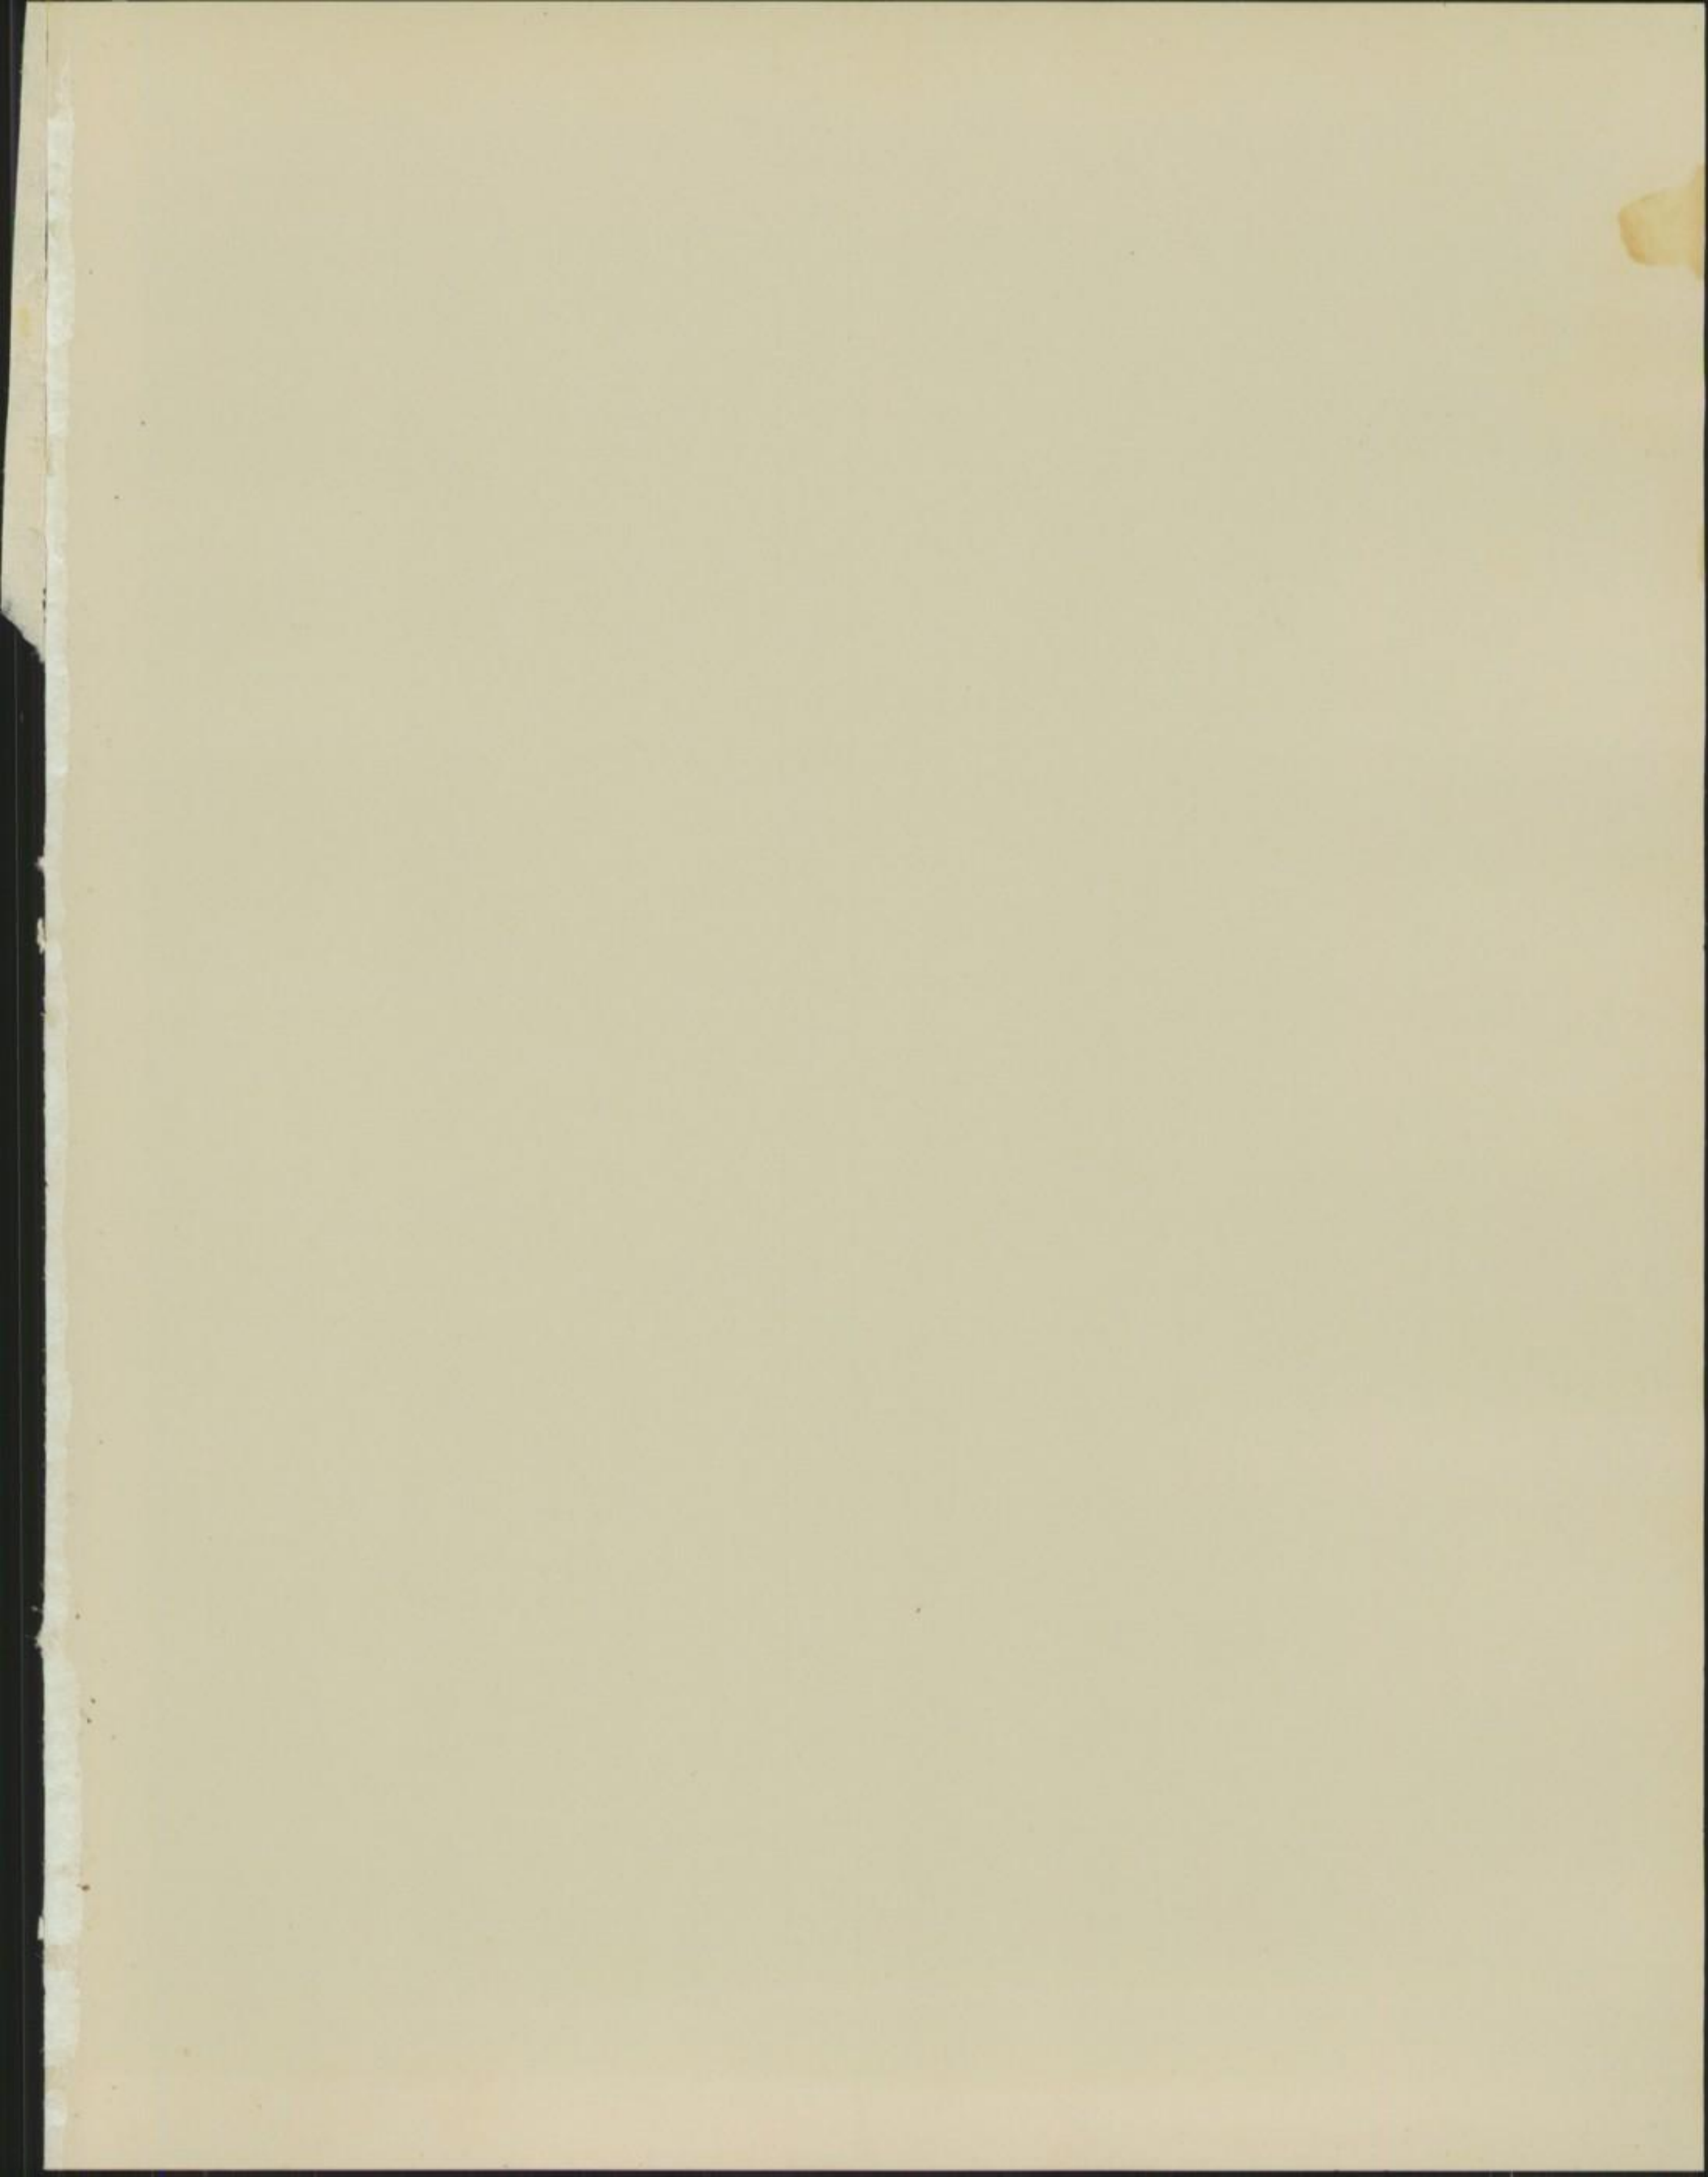

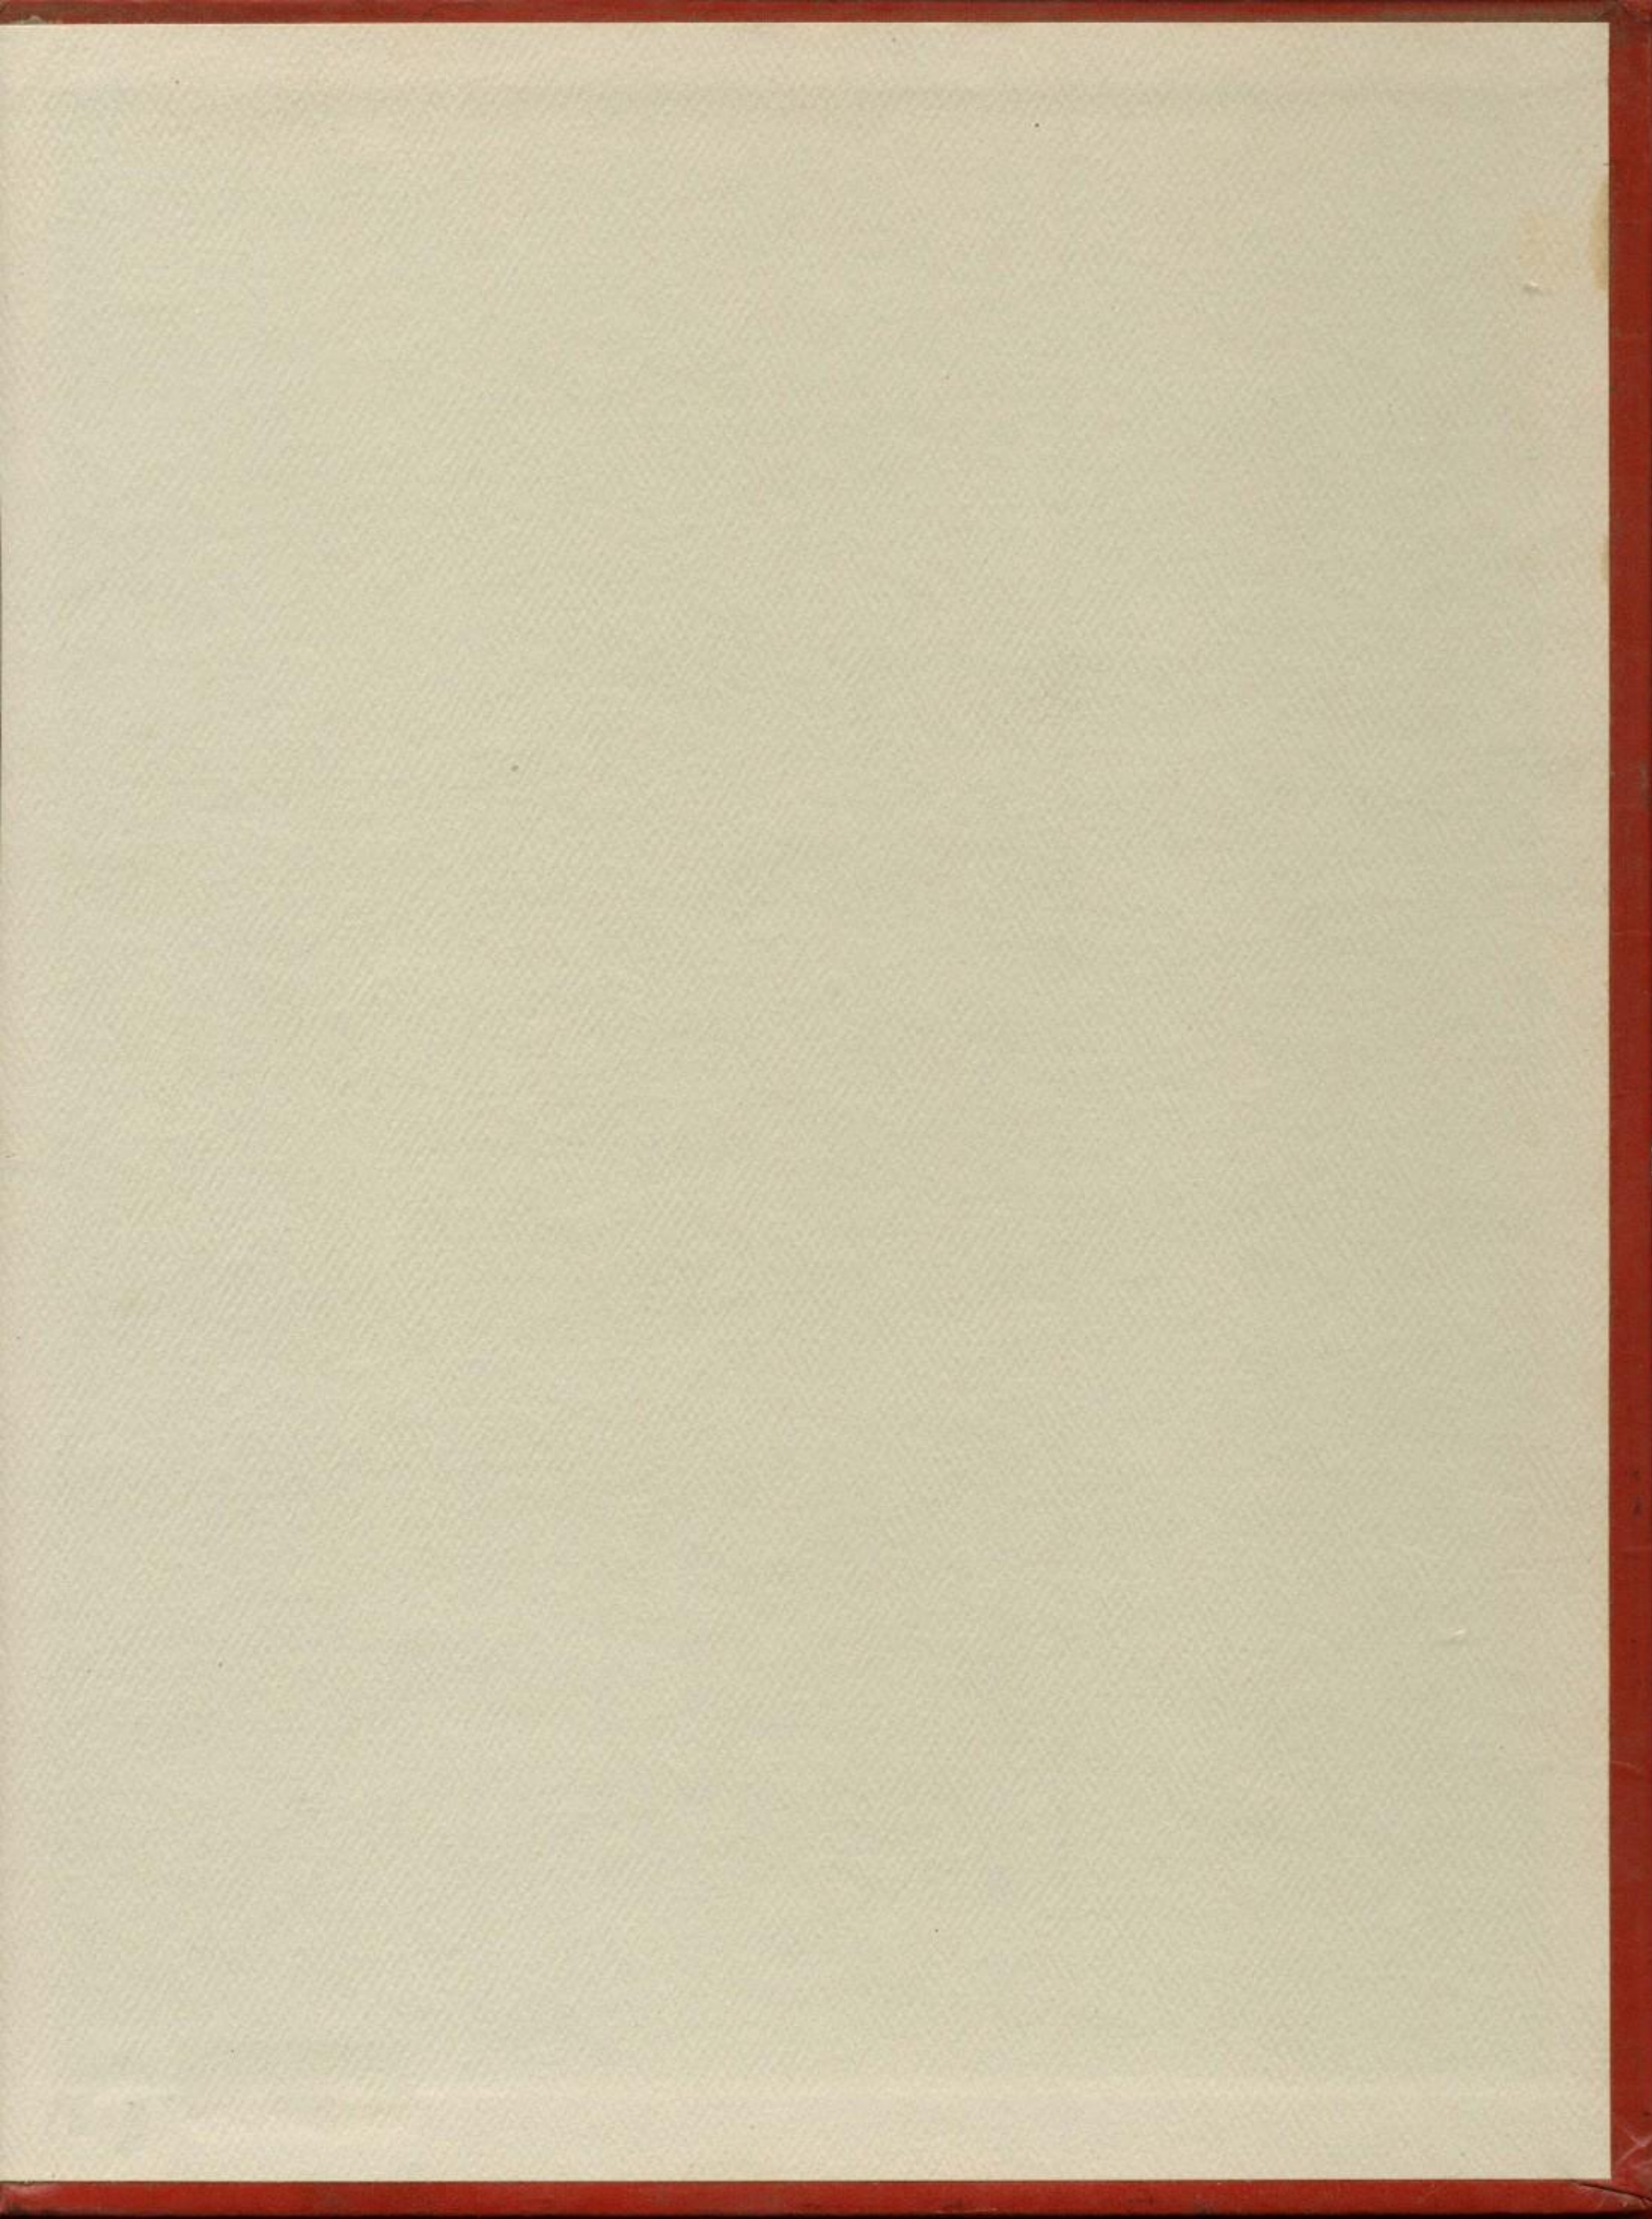

To Rachel.

It's been great
hanging around with you
I wish you lots of luck
for the future in college.
P.S. Remember the good times
we had in photography.
and be cool!

Love
P.S. J.
